CHARACTERISTICS

DAMTOURS
DAMGOOD!

✓ MECHANICAL TRACTION

The original Beer Bike, with mechanical traction. This mechanical traction consists of a system of gears connected to the pedaling systems. Through human strength, people move the Beer Bike. Also you can add an electric assistant engine to help people in case of need, but this will be still a cycle.

CE
APPROVED

✓ HOMOLOGACION CE

This is the only Beer Bike in the world approved as a 4-wheel cycle. This cycle can legally circulate on European and US streets.

✓ NEW TENSION SYSTEM

With the new improved tension system that we introduced in 2019 it is much easier to tighten the chains than in any other Beer Bike on the market.
